

PLUMBING PERMIT

Apply to: Building Department

A plumbing permit is required for any plumbing work involving construction, alteration, relocation, or repair of the water, drain, waste, or vent systems. A permit may not be required for simple removal and replacement of fixtures, cleaning of stoppages, or the stopping of leaks.

- Building Official may require additional plans, specifications or information.
- All work is to be performed by plumbers and contractors licensed by the City of Marshalltown.
- All work for which a permit is required is subject to inspection by the Building Department.

This guide is designed to serve as a reference for development and permit procedures for residents, builders, contractors, developers and other individuals interested in Marshalltown. The requirements of the City Code and other regulations have been summarized in order to provide basic information. Specific questions and requests regarding the information provided should be directed to the appropriate department.

The City will not be financially liable for mistakes made in the development/construction process. City employees perform only limited roles in these matters and do not work directly for the developer, owner, lender, or contractor. Be certain to obtain competent expert advice from consulting engineers, planners, lawyers, and surveyors.
