

PUBLIC WORKS

24 North Center St.

641.754.5734

pubwrkssec@ci.marshalltown.is.us

Responsibilities of the Public Works Department

- Enforces the Codes relating to street and sidewalk standards, sanitary and storm sewer standards,
- Excavation within the right of way, and
- Flood plain management.
- Reviews proposed development to assure proper accommodation of, but not limited to, streets (including curb cuts), sanitary and storm sewers, streetlights, right of way, flood plain management, and erosion control.
- Issues street names.
- Provide utility locates for the sanitary and storm sewer systems through Iowa One Call.
- Work with plumber on building sewer lateral locates, construction regulations and provide required inspections. (continued)

This guide is designed to serve as a reference for development and permit procedures for residents, builders, contractors, developers and other individuals interested in Marshalltown. The requirements of the City Code and other regulations have been summarized in order to provide basic information. Specific questions and requests regarding the information provided should be directed to the appropriate department.

The City will not be financially liable for mistakes made in the development/construction process. City employees perform only limited roles in these matters and do not work directly for the developer, owner, lender, or contractor. Be certain to obtain competent expert advice from consulting engineers, planners, lawyers, and surveyors.
