

SEWER CONNECTION PERMIT

Apply to: Public Works Department – Engineering Division

A sewer connection permit is required to uncover, make any connection with, or open a sanitary sewer.

- An **Excavation Permit** is also required for work in the City right-of-way.
- Private connections to the public sewer require work to be performed by a Master Plumber licensed in the City of Marshalltown.
- Sewer laterals and their connections to public sewers require an inspection by the Sewer Department before covering.

This guide is designed to serve as a reference for development and permit procedures for residents, builders, contractors, developers and other individuals interested in Marshalltown. The requirements of the City Code and other regulations have been summarized in order to provide basic information. Specific questions and requests regarding the information provided should be directed to the appropriate department.

The City will not be financially liable for mistakes made in the development/construction process. City employees perform only limited roles in these matters and do not work directly for the developer, owner, lender, or contractor. Be certain to obtain competent expert advice from consulting engineers, planners, lawyers, and surveyors.
